AFP and AFP Foundation have members in all 50 states and established chapters or affiliates in 35 states: Arizona, Arkansas, California, Colorado, Connecticut, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, Washington, and Wisconsin.

- AFP-New Jersey's grassroots pressure convinced New Jersey Governor Chris Christie to pull his state out of the nation's first-and-only legally binding 10-state Cap-and-Trade scheme in May 2011.
- AFP-North Carolina activists ensured passage of North Carolina's first veto-proof budget without a tax increase in over a decade. The legislative success was the result of grassroots pressure involving AFP-North Carolina activists knocking on more than 56,000 doors and holding rallies, as well as AFP's large-scale paid media effort.
- AFP-Nevada activists logged a whopping 35,441 live, non-partisan, Get-Out-The-Vote calls leading up to the special election in Nevada's 2nd Congressional District.
- Deploying its vertically integrated grassroots strategy, AFP-Wisconsin's 110,000 activists ensured Gov. Scott Walker's crucial collective bargaining reforms and spending cuts carried the day by running a statewide paid media effort, hosting dozens of large-scale rallies, and logging tens of thousands of live issue advocacy calls to households across Wisconsin.
- AFP-Michigan activists helped thwart an unnecessary international bridge project between Michigan and Canada after mobilizing tens of thousands of calls to elected officials in Lansing.
- AFP-Texas' grassroots pressure, along with a coalition of state-based partners, helped wipe out a \$27 billion budget deficit in Texas without raising taxes or draining the state's rainy day fund.

"WE WHO LIVE IN FREE MARKET SOCIETIES BELIEVE THAT GROWTH, PROSPERITY AND ULTIMATELY HUMAN FULFILLMENT, ARE CREATED FROM THE BOTTOM UP, NOT THE GOVERNMENT DOWN."

— RONALD REAGAN

## What We Believe

AFP is powered by our incredible activists – organized and influential citizen leaders in every state who work at local, state, and national levels to embrace the principles of economic freedom, knowing that:

- Individual and entrepreneurial freedom creates a higher quality of life than government controls and excessive regulation.
- Efficient, effective, and limited government protects hardworking taxpayers and allows the real economy to grow and thrive.
- Genuine merit should determine success, not government cronyism or favoritism.
- Communities are healthier and more prosperous when personal responsibility is rewarded and dependency is discouraged.

*AFP brings together thousands of activists in Washington, DC, for a rally against ObamaCare*

Americans for Prosperity is all about action.

Throughout the year, we crisscross the nation, holding rallies, townhalls, and grassroots events to inform, empower, and activate Americans to become influential voices in the battle for economic freedom.

In addition to our aggressive stance on national issues, AFP frequently focuses on critical issues at the state and local levels. That's why we mobilized massive resources to combat New Jersey's Regional Greenhouse Gas Initiative (RGGI), where we conducted nearly 50 special events and training seminars, resulting in Governor Christie removing New Jersey from the Cap-and-Trade scheme.

*AFP activists sign the bus for our Energy for America Tour on its stop in Bozeman, MT*

AFP played a major role in Wisconsin's budget reform battle, where we defended those in the state who were fighting to balance Wisconsin's budget. To that end, we took over the airwaves, rallied grassroots activists, and organized a statewide bus tour.

Across the nation, AFP activists are fighting back against restrictive legislation, higher taxes, and a loss of economic freedom at all levels of government. Using AFP's Prosperity Alert system, activists get realtime updates about pressing issues or pending votes in Congress and learn how they can take action to make a real difference for our shared ideals.

*More than 2,000 AFP Foundation members listen to Gov. Mitt Romney at the Defending the American Dream Summit*

AFP Foundation is all about grassroots education.

Across the country, AFP Foundation offers educational training and materials to help citizens not only learn and understand the issues that matter most to them, but teaching them to communicate these ideas effectively to others in their community.

In this way, AFP Foundation is able to provide a knowledge base for the next generation of free market supporters; people who both support and express the ideals for which we work every day.

In 2011, AFP Foundation held two of the most talked-about and highly-attended national conferences of the year. *RightOnline*, a gathering of the nation's best conservative bloggers and online activists, and our *Defending the American Dream Summit*, where thousands of members gathered for grassroots training and networking.

*AFP Foundation Michigan members attend one of more than 40 stops of our nationwide Running on Empty Tour*
